

DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicants' submission, filed 5/24/11, has been entered.

Amended claims 83, 90, 94, and cancelled claims 1-82, 84, 87, 91, 95, filed 4/25/11, are acknowledged. Applicant's arguments and amendments, filed 4/25/11, have been fully considered and are persuasive. All of the previous rejections and objections have been withdrawn.

The drawings, filed 2/2/00, are accepted by the Examiner.

REASONS FOR ALLOWANCE:

The following is an examiner's statement of reasons for allowance:

The invention is directed to a method and system for generating groups of individuals useful in researching influence of a disease on the individuals. The prior art does not disclose the method and system as they are claimed in the instant invention. The 35 USC 103 rejection was removed due to claim amendments. Because no outstanding rejections remain, the claimed invention is deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
